Types of Penguins

Types of Penguins
By Cassia and Art

There are between 17 and 20 different species of penguins in the world. Let your little biologists practice classifying these 4 popular types.

To use:

1. Show the 4 types of penguins.
2. Discuss the distinguishing characteristics of each one.
3. Pass out the photographs of the different penguins.
4. Encourage students to observe the characteristics of the penguins in their photos and sort them by their species.

Music & Movement

Little Penguin

Little Penguin
Tune: "In a Little Tigger"

I'm a little penguin,
black and white.
I waddle to the left,
And I waddle to the right.
When I'm feeling hungry,
I splash and splash,
I jump in the water,
And catch a fish!

Sand & Water

Sensory Tub - Icebergs

Sensory Table

Icebergs!
Freeze water into different sizes and shapes of containers to make icebergs. Place them in a sensory tub with water, blue gems, cups, and winter animals such as polar bear, penguin etc.

Keeping them engaged
